León Guanajuato · www.linkedin.com/in/rodrigo-gómez-c · +524776713531
· rodrigo.gomezmx@gmail.com

Backend-oriented developer with a background in Mechatronics Engineering. Experience building REST APIs using Node.js, Express, and PostgreSQL. Focused on developing scalable solutions, automating processes, and continuously improving backend systems.

WORK EXPERIENCE

Go-Laser

Production Assistant

León, Guanajuato

March 2023–Currently

- Developed the backend of the company's website using Node.js and Express, allowing customers to upload laser cutting files and place custom orders online.
- Implemented a user authentication system, access control, and session management using JSON Web Tokens (JWT).
- Managed a PostgreSQL database to store users, orders, vector files, and production statuses.
- Integrated the API with an internal order management system, automating status updates and email notifications.
- Improved efficiency by reducing manual work through digital forms and automated storage.

CIATEC A.C.

Junior Developer - Biomechatronics Department

León, Guanajuato

Jan 2022–Feb 2023

- Developed a patient management system using Node.js, Express, and MySQL.
- Designed a relational database for scans, 3D models, and clinical records.
- Automated PDF report generation using HTML templates and Puppeteer.
- Collaborated with biomechanics team to validate data consistency.

Press Herrermentales

Trainee Engineer (Production Optimization Project)

León, Guanajuato

Jul 2021–Dec 2021

- Built a production monitoring system using Node.js and WebSockets.
- Developed an Express API for efficiency metrics.
- Used SQLite for offline data persistence.
- Reduced cycle time per piece by 15%.

EDUCATION

Universidad Iberoamericana de León

Bachelor's Degree in Mechatronics Engineering

León, Guanajuato

February 2023

CERTIFICATIONS & ACHIEVEMENTS

- Vice President, Engineering Student Society – Leadership and team coordination.
- Secretary, Student Society Council – Communication and organizational skills.
- Course: Complete Web Development (HTML5, CSS3, JS, PHP, MySQL).

LANGUAGES

- Spanish – Native
- English – Intermediate (technical reading and communication)

SKILLS

Technical skills:

- JavaScript (Node.js), TypeScript, Python
- Node.js, Express
- PostgreSQL, MySQL
- Git, GitHub, Postman
- REST APIs, JWT Authentication, CRUD

Soft Skills:

- Communication, Customer Service, Leadership, Teamwork.
